All My Friends Say

Cimorelli

Maybe I should've known
Maybe I should've listened
They say he'll never change
He says with me it's different
I tell myself he has a good heart
He means well
And I swear he's trying so hardBut the number of times he let me down
I can't count that highAll my friends say: " He's lame! You can do so much better than that"
All my friends say: "He lies! Last week he made you cry"
All his friends say: "She's crazy, emotional and unstable"
All my friends say: "Just walk away"He always says he's broke
Then buys new video games
Whenever we go out
He always ask me to pay
I'm getting tired of stupid excuses
All his whining and his mood swingsBut the number of times he made me smile
I can't count that highAll my friends say: " He's lame! You can do so much better than that"
All my friends say: "He lies! Last week he made you cry"
All his friends say: "She's crazy, emotional and unstable"
All my friends say: "Just walk away"All my friends say: "You should leave him, leave him now"
All my friends say: "He's no good for you but somehow I don't stand"All my friends say: " He's lame! You can do so much better than that"
All my friends say: "He lies! Last week he made you cry"
All his friends say: "She's crazy, emotional and unstable"
All my friends say: "Just walk away"All my friends say!
