

Not Good Enough

[Lucina](#)

You drew me in with your good looks and your charm
Wrapped me round your finger, you'd say jump, I'd say how far
If only I'd known from the start who you really were
Things would have gone so differently and not ended up in hurt
Not ended up in hurt You tried to change me into something that I'm not
To fit your fantasies, I guess you're nothing like I thought
You'd tell me open heartedly I'm not good enough for you
So let me tell you something
That's not good enough for me
Not good enough for me The way that you treat me, you love me then leave me
The way you deceived me, to think I believed it
You'll get what is coming, there's no use in running
Just wait and see Who really knows where you've really been before
To think that you just used me to add a number to your score
You made it very clear for me to get up and to leave
So let me tell you something
That's not good enough for me
Not good enough for me
