Till It Happens to You

Corinne Bailey Rae

I know what I said was heat of the moment

But there's a little truth in

Between the words we've spoken

It's a little late now to fix the heart that's brokenPlease don't ask me where I'm going

'Cause I don't know

No, I don't know anymoreIt used to feel like heaven

It used to feel like May

I used to hear those violins

Playing our strings like a symphony

Now they've gone awayNobody wants to face the truth

But you won't believe what love can do

Till it happens to you

Till it happens to youWent to the old flat

Guess I was trying to turn the clock back

How come that nothing feels

The same, now when I'm with you

We used to stay up all night

In the kitchen when our love was newOoh love, I'm a fool to believe in you

'Cause I don't know

No, I don't know anymoreIt used to feel like heaven

It used to feel like May

I used to hear those violins

Playing our strings like a symphony

Now they've gone awayNobody wants to know the truth

Until their heart's broken

Don't you dare tell them

What you think to do till they get overYou can only learn these things from experience

When you get older

I just wish that someone would have told meTill it happens to you

Till it happens to you

Till it happens to you
