The Enemy

Static-x

Confine me, it's all that I see
Sickness keeps you following me
Keep it inside, all that is sharp
Hold it inside, all that is dark
Confine me, it's all that I see
Sickness keeps you following me
Keep it inside, all that is sharp
Hold it inside, all that is dark
Tear
I'll shut you up
Tear
I'll shut you up
Tear
I'll shut you up
Tear
I'll shut you up
Tear
I'll shut you up
Tear
I'll shut you up
Tear
I'll shut you up
Tear
Down, down, down
I'll destroy you, kill or be killed
Down, down, down
You've become the enemy, enemy
I thank you for making me feel
Make me feel like I want to kill
You show me you're evil inside
Now won't you just curl up and die
I thank you for making me feel
Make me feel like I want to kill
You show me you're evil inside
Now won't you just curl up and die
Tear
I'll shut you up
Tear
I'll shut you up

Tear
I'll shut you up
Tear
I'll shut you up
Tear
I'll shut you up
Tear
I'll shut you up
Tear
I'll shut you up
Tear
Down, down, down
I'll destroy you, kill or be killed
Down, down, down
You've become the enemy, enemy
Down, down, down
I'll destroy you, kill or be killed
Down, down, down
You've become the enemy, enemy
You make me
You make me hate
You make me
You make me hate you
You make me
You make me hate
You make me
You make me hate you
You make me
You make me hate
You make me
You make me hate you
You make me
You make me hate
You make me
You make me hate you
You make me
You make me hate
You make me
You make me hate you
You make me
You make me hate
You make me hate you
Down, down, down
I'll destroy you, kill or be killed
Down, down, down

You've become the enemy, enemy
Down, down, down
I'll destroy you, kill or be killed
Down, down, down
You've become the enemy, enemy
You make me
You make me hate
You make me
You make me hate you
You, you make me
You make me hate
You make me
You make me hate you
