

Where's My Love (Magical Mix)

Caroline

Where's my love Where's my love
The one for me
Somewhere too far
Not close enough for me to see Where's my love
Who could you be
Someone i knew but
Let slip through
While dreaming of you Oh love
Oh love
Come to me Where's my love
Give me a clue
Give me a time
Show me a place
I might find you Where's my love
Don't hide from me
I'll be good to you
I will
Honestly Oh love
Oh love
Come to me Where's my love
The one for me
Somewhere too far
Not close enough for me to see Where's my love
Now I sing
Hoping someday you'll
Bring our lovely ending Oh love
Oh love
Come to me
Oh love
Oh love
Come to me
