

# A Star For Nick

## Lana Del Rey

You know it & I know it  
I'm gonna be a star  
You wont, you wont get me very far  
Don't say hello  
It's already time to go  
Oh the wind is carrying me home  
me home me home again  
Well you know it & I know it  
I'm gonna be a star  
You wont, you wont get me very far  
You saw life back in the countryside  
ahhh ahh ahh  
Oh my soul rise up & go beyond, beyond  
to what you know
