

Let Love Be

Elliott Yamin

Yeah, yeah
Let love beBaby, fell in love before he took your heart away
And then he left you in the cold and it's crazy, yeah
'Cause now you tell yourself you'll never fall in love again
I know it's hard to let it goBut you gotta stop, breathe
Maybe it's no coincidence that's you're here with me
Girl, you should have changed your heart, listenEverybody knows when you find true love
You might not find it again
So take it by the hand and let love beEverybody knows when you find true love
You might not find it again
So take it by the hand and let love be(Yeah, yeah)
Let love be
(Yeah, yeah)
Let love beBaby, I know sometimes you wanna run away
Why don't you run into my arms and maybe
I can help you see, help you see things my way
I see you for the star that you areBut you gotta stop, breathe
Maybe it's no coincidence that's you're here with me
Girl, you should have changed your heart, yeah, yeahEverybody knows when you find true love
You might not find it again
So take it by the hand and let love beEverybody knows when you find true love
You might not find it again
So take it by the hand and let love be(Yeah, yeah)
Let love be
(Yeah, yeah)
Let love beSometimes it's written across the sky
Might be in disguise
But sometimes it's easy to see
That's it's a beautiful thing
Let love beSometimes the writing's on the wall
Or maybe those words are just too small
For you to see
So open your eyes and let love beEverybody knows when you find true love
You might not find it again
So take it by the hand
(Take it by the hand)
And let love beTrue love comes when you find yourself
And that's where the story begins
So take it by the hand and let love be

(Yeah, yeah)Ooh, let love be, yeah

(Yeah, yeah)

Ooh, let love be

Ooh, oh yeah

Let love be
