Cupid

Sara Evans

Tell Cupid not to point that thing at me

One more hole in my poor heart is just what I don't need

I've been teased by a fake

Burned by love

And left by destiny

So for my hearts sake tell Cupid wait

Don't point that thing at meA boy and girl

That's where it starts

And then oh cupid, well he goes right for the heart

Yeah I've been hit a time or two

But what got me turned out to be just passing throughSo tell Cupid not to point that thing One more hole in my poor heart is just what I don't need

Well teased by a fake
Burned by a love
And left by destiny

So for my hearts sake tell Cupid wait

Don't point that thing at meTrue love I saw and finally found

That I'm better off just doing without

Oh its a real cold shot, yeah its a deadly curse

That goes from a good love to bad love

And heartache at its worse
