Bye, bye, love
Bye, bye, happiness
Hello loneliness
I feel like I could cry
Bye, bye, my love, goodbyeThere goes my baby with someone new
She sure looks happy, I sure feel blue
She was my baby till he stepped in
Goodbye to romance that might've beenBye, bye, love
Bye, bye, happiness
Hello loneliness
I feel like I could cry
Bye, bye, my love, goodbyeI'm through with romance, I'm through with love
I'm through with counting the stars
And here's the reason that I'm so free
My lovin' baby is through with meBye, bye, love
Bye, bye, happiness
Hello loneliness
I feel like I could cry
Bye, bye, my love, goodbye
