Born Again

Supergrass

Ahh
Ahh
AhhWhatever you want
It's all right
There's still a place in my heart
It's all rightThere's something calm
You'll need no arm
("You're over the moon")
She saidYou keep me warm
In some other form
("You're over the moon")
She saidWhatever you want
It's all right
There's still a place in my heart
It's all rightWhatever you want
It's all right
There's still a place in my heart
It's all right
