Back to Life

Automatic Loveletter

I'm standing' in the rain, I'm cold and I'm afraid
If I can't find you then you'll never know
Leave a candle at my door and an empty space beside my bed
Like a motion picture, this love will never endI hang up at 4 a.m.
Just when I drive aheadTonight we're alive for the very first time
Tonight we're arrive 'cause there's nowhere to hide
Don't give up on me now, baby, don't close your eyes
I won't let you down when we come back to lifeTwinkle of the stars, the pictures live forever on the dashboard
My guts are knots, my bones are rot
Am I here alone? I'm taking out the breaks that you give
See that I won't stop 'til you have gotten through to meYou hang up on the run
Could it be that you're coming' home?Tonight we're alive for the very first time
Tonight we're arrive 'cause there's nowhere to hide
Don't give up on me now, baby, don't close your eyes
I won't let you down when we come back to lifeI can't sing what I write
I can't sleep 'til I've made this drive alone
Who will answer your door?
Tell me please, how this story's gonna end or beginTonight we're alive for the very first time
Tonight we're arrive 'cause there's nowhere to hide
Don't give up on me now, baby, don't close your eyes
I won't let you down when we come back to lifeTonight we're alive for the very first time
Tonight we're arrive 'cause there's nowhere to hide
Don't give up on me now
I won't let you down when we come back to life
