

So Hot

Ashanti

You drive me crazy so I wanna take it to the top
Ooh, can you make it so hot, so hot, yeah?
You drive me crazy so I wanna take it to the top
Ooh, can you make it so hot, so hot, yeah? Let the fire burn, baby, cause I wanna get close tonight
Baby, when you come inside, dont forget to turn off the light
Come on over, let me make a little room
Feindin to hold you real, real tight
You kissin on my shoulders over and over and over
And everything's right cause baby only you You drive me crazy so I wanna take it to the top
(Ooh, I wanna take it, yeah)
Ooh, can you make it so hot, so hot, yeah?
You drive me crazy, so, I wanna take it to the top
Ooh, can you make it so hot, so hot, yeah? Now, let the water run baby, you can fill it up to the rim
And when it bubbles all over, baby, lets get in
And I cant help but look in deep in your eyes
Been wantin to show you these things I like
With your hand inside my hand and your lips against mine
I almost wanna cry cause baby, only you You drive me crazy so I wanna take it to the top
(Ooh, I wanna take it, yeah)
Ooh, can you make it so hot, so hot, yeah?
You drive me crazy, so, I wanna take it to the top
Ooh, can you make it so hot, so hot, yeah? See, nobody ever made me lose my mind
And Im so addicted to you, babe
I wanna say yo name, make me say yo name
Cause youre drivin me crazy, you know that you make me
Let go of whatever Im scared of
When I am around you only you, oh You drive me crazy so I wanna take it to the top
Ooh, can you make it so hot, so hot, yeah?
You drive me crazy so I wanna take it to the top
Ooh, can you make it so hot, so hot, yeah? I dont wanna stop, baby cause youre so hot
Ooh, and it when its right, give it to me all night
I just wanna love everything about you
Sent you from above and Im glad I found you I dont wanna stop, baby cause youre so hot
Ooh and it when its right, give it to me all night
I just wanna love everything about you
Sent you from above and Im glad I found you You drive me crazy so I wanna take it to the top
Ooh, can you make it so hot, so hot, yeah?
You drive me crazy so I wanna take it to the top
Ooh, can you make it so hot, so hot, yeah?
