

All We Wanna Do

Mainstreet

Owen:

We wachten op het weekend

Counting the days, that's how we do

Maakt niet uit wie wie kent

That's the game, let's all get looseNils:

De week is haast voorbij

Let's celebrate our lives

Yeah we're gonna hit the town tonightAll we wanna do is live fast and get wild, yeah pull shapes

So raise our hands up

All we wanna do is sing loud and light up the night sky

Yeah everyone stand up

All we wanna do is go crazy

Yeah yeah crazy

All we wanna do is freak out and turn up the music so loud

They can't ignore us tonightDaan:

We kleden ons als rock stars on the run

Got nothing to prove

En we stoppen pas when we see the sun

Singing to the moonRein:

De week is haast voorbij

Let's celebrate our lives

Yeah we're gonna hit the town tonightAll we wanna do is live fast and get wild, yeah pull shapes
