## Muse

The wavelength gently grows  
Coercive notions re-evolve  
A universe is trapped inside a tearIt resonates the core  
Creates unnatural laws  
Replaces love and happiness with fearHow much deception can you take?  
How many lies will you create?  
How much longer until you break?  
Your mind's about to fallAnd they are breaking through  
They are breaking through  
They are breaking through  
And we are losing controlAnd they are breaking through  
They are breaking through  
They are breaking through  
Now we're falling, we are losing controlInvisible to all  
The mind becomes a wall  
All of history deleted with one strokeHow much deception can you take?  
How many lies will you create?  
How much longer until you break?  
Your mind's about to fallAnd they are breaking through  
They are breaking through  
They are breaking through  
Now we're falling, we are losing control
