Queen For A Day

Dance Hall Crashers

Its never gonna work out
Quite the way that they plan, their little greasy games
Theyll drop you just as soon as they can pick you up
It might be fun for a while, what happens tomorrow?I dont wanna be no queen for a day
Oh, I got what you want and I may just walk away
I dont wanna be no queen for a day
I just gotta get awayI wonder why they think about
What they can get from me
I guess Ill let 'em believe
Whatever it is they want to see
I know its sick, I hope its only paranoiaI dont wanna be no queen for a day
Oh, I got what you want and I may just walk away
I dont wanna be no queen for a day
I just gotta get awayGotta get away, gotta get away
Gotta get away, gotta get away
Gotta get away, gotta get awayGotta get away, gotta get away
Gotta get away, gotta get away
Gotta get away, gotta get awayAdmit its not all bad
Its almost like a real cheap high
Till you get knocked on your ass, thinking you can fly
Suppose its something that you learn before you dieI dont wanna be no queen for a day
Oh, I got what you want and I may just walk away
I dont wanna be no queen for a day
I just gotta get awayGotta get away, gotta get away
Gotta get away, gotta get away
Gotta get away, gotta get awayGotta get away, gotta get away
Gotta get away, gotta get away
Gotta get away, gotta get awayGotta get away, gotta get away
Gotta get away, gotta get away
Gotta get away, gotta get awayGotta get away, gotta get away
Gotta get away, gotta get away
Gotta get away, gotta get away
