

# Cross Of Love

Brian Setzer

Where does it say  
All the love that we made must disappear  
And who made the rule  
That the one who is cruel won't cry the tears  
Well we woke up unsatisfied  
Got out of bed and said goodbye  
But don't leave me here dyeing on the cross of love  
Don't leave me here dyeing on the cross of love  
I got down on my knees and prayed to the lord above  
Don't leave me now don't you realize  
You can't make out of love a sacrifice  
Don't leave me here dyeing on the cross of love  
Who pays the cost  
If the love that is lost goes unredeemed  
And why should I care  
If this cross that I bare is destiny  
My heart was pure my love was strong  
Forgive me if I've done you wrong  
But don't leave me here dyeing on the cross of love  
Don't leave me here dyeing on the cross of love  
I got down on my knees and prayed to the lord above  
Don't leave me now don't you realize  
You can't make out of love a sacrifice  
Don't leave me here dyeing on the cross of love  
Where does it say  
All the love that we made, must disappear
