

Every Night, Every Day

Traffic

I don't know how long I can take it
There's times when I don't think, I can make it through, baby
Don't know what you and me are gonna do, baby, hey, baby
You know it's time to face up to what is wrong, yeah
I lie awake at night, I can't sleep while you're lyin' there
This feelin' worries me, I can see it's goin' nowhere
Oh baby, now I just work all day, tryin' to earn my pay
Oh, is it worth it now to sweat all day and see it slip away?
Every night, every day, I keep feelin' the same old way
Every night, every day, I keep feelin' the same old way
Now then I've been thinkin' about it
You say that it's okay, it'll be all right, baby, hey, baby
But that's fine when all you do is party every night
You say my clothes are soiled and my hands ain't clean
But I'm workin' overtime checkin' every wheel is locked in tight
On that production line, baby, runnin' at the speed of light
Oh, have mercy now, when you look that way and you start to play
Then oh, I'm burnin' up, I tell you one more day, I'm gonna fade away
Every night, every day, I keep feelin' the same old way
Every night, every day, I keep feelin' the same old way
Every night, every day, I keep feelin' the same old way
Every night, every day, I keep feelin' the same old way
It's the same old way, baby, it's the same old way now
It's the same old way, it's just the same old way
Hangs me up all day
Every night, every day, I keep feelin' the same old way
Every night, every day, I keep feelin' the same old way
Every night, every day, I keep feelin' the same old way
Every night, every day, I keep feelin' the same old way
Baby baby baby baby oh
Yeah, baby baby oh, oh yeah
Every night, every day, I keep feelin' the same old way
Every night, every day, I keep feelin' the same old way
Every night oh, I keep feelin' the same old way
