

Standing Still

Jewel

Cutting through the darkest night are my two headlights
Try to keep it clear, but I'm losing it here
To the twilight
There's a dead end to my left
There's a burning bush to my right
You aren't in sight
You aren't in sight

Do you want me
Like I want you
Or am I standing still
Beneath a darkened sky
Or am I standing still
With the scenery flying by
Or am I standing still
Out of the corner of my eye
Was that you passing me by

Mothers on the stoop
Boys in souped-up coupes
On this hot summer night
Between fight and flight
Is the blind man's sight
And a choice that's right
I roll the window down
Feel like I'm gonna drown in this strange town
Feel broken down
Feel broken down

Do you need me
Like I need you
Or am I standing still
Beneath a darkened sky
Or am I standing still
With the scenery flying by
Or am I standing still
Out of the corner of my eye
Was that you passing me by

Sweet sorrow, he said call tomorrow

Sweet sorrow, he said call tomorrow

Do you love me
Like I love you
Or am I standing still
Beneath a darkened sky
Or am I standing still
With the scenery flying by
Or am I standing still
Out of the corner of my eye
Was that you passing me by
are you passing me by, passing me by
Do you want me passing me by
Do you need me, like i need you to
And do you want me, like i want you
Are you passing me by or am I standing still
