Occapella

The Manhattan Transfer

Groovy
Ah, there's music in the streets and there's music in the air
A little ol' soul beat and there's dancin' everywhere
I would tell the whole world, tell 'em if I could
To add a little song into each life, oh, it's a finger snappin' good
Oh, oh
Ah, pardon me, boys, but could you use it?
We're gonna make a little music
You got soul, now don'tcha lose it
We're gonna make a little music
Every thing's gonna be mellow
We gon' just a singin' occapella
Every thing's gonna be mellow
We gon' just a singin' occapella
Oh, oh, hey
Oh, there's dancin' in the streets and there's music in the air
A little ol' soul beat and there's dancin' everywhere

I would tell the whole world, tell 'em if I could
To add a little song into each life, you know it's finger poppin' good
Oh, oh
Ah, pardon me, boys, but could you use it?
We're gonna make a little music
You got soul, now don'tcha lose it
We're gonna make a little music
Every thing's gonna be mellow
We gon' just a singin' occapella
Every thing's gonna be mellow
We gon' just a singin' occapella
I said, every thing's gonna be mellow
Everybody's singin' occapella
I said, every thing's gonna be mellow
Everybody's singin' occapella
Every thing's gonna be
