

Ghost Pressure (not the video)

Wolf Parade

Baby I just don't understand
Make me feel like another man
And I kissed you there on orchard road
Pulled the car from the empty street
Empty room and empty sea
I know they're dancing there invisibly
Little vision come shake me up, shake me up
Said your heart was a swarm of bees
And they don't and they will never leave
I hear them buzzing there invisibly
And now it's just you and me
Well I could do a little mystery
And you just had to know
Little vision come shake me up, shake me up
A little vision come, come and shake me up
Ghost Pressure come shake me up, shake me up
