

# Air-hostess Song

## Gomez

She had perfect eyes  
That's all she had  
And in the these perfect skies  
Makes you gladShe has alibis  
And they're not bad  
And in these perfect skies  
Makes you sadMakes you sad  
Makes you sad  
Makes you sad  
Makes you sadShe had perfect eyes  
That's all she had  
And in the these perfect skies  
Makes you gladWe're all here on faith  
The air tastes bad  
Far from perfect skies  
Is all you hadIs all you had  
Makes you sad  
Makes you sad  
Makes you sadI don't want no grace  
Just a smile, just a smile  
Put me in my place  
With a smile, just a smileI don't want no grace  
Just a smile, just a smile  
I don't want no grace  
Just a smileMake you glad  
Make you glad  
Make you glad
