

# Adrenaline

[RuPaul](#)

And to the ones I love  
Know that you're the reason why  
I dare to live my life  
I dare to liberate my mind  
You're running through my veins  
Make me come alive I think about the world  
Like a dream within a dream  
Anything you want  
Things are never what they seem  
But the rush is worth the ride  
Make me come alive Give me one shot, one shot,  
of adrenaline, adrenaline  
One shot, one shot,  
of adrenaline, adrenaline  
Give me one shot, one shot,  
of adrenaline, adrenaline  
One shot, one shot,  
of adrenaline Can I get it to go? Can I get, can I get it to go?  
Can I get, can I get it to go?  
Can I get, can I get it to go?  
Can I get, can I get it to go?  
Can I get, can I get it to go?  
Can I get, can I get it to go?  
Can I get, can I get it to go?  
Can I get, can I get it to go? And to the ones I love  
Know that you're the reason why  
I dare to live my life  
I dare to liberate my mind  
You're running through my veins  
Make me come alive Think about, think about the world you're in  
Like a dream, like a dream you're living in  
Anything, anything you want you'll find  
But it's never gonna be what's on your mind  
But the rush, but the rush is worth the ride  
Make me come alive Give me one shot, one shot,  
of adrenaline, adrenaline  
One shot, one shot,  
of adrenaline, adrenaline  
Give me one shot, one shot,

of adrenaline, adrenaline  
One shot, one shot,  
of adrenaline Can I get it to go? Can I get, can I get it to go?  
Can I get, can I get it to go?  
Can I get, can I get it to go?  
Can I get, can I get it to go?  
Can I get, can I get it to go?  
Can I get, can I get it to go?  
Can I get, can I get it to go?  
Can I get, can I get it to go? Give me one shot, one shot,  
of adrenaline, adrenaline  
One shot, one shot,  
of adrenaline, adrenaline  
Give me one shot, one shot,  
of adrenaline  
Adrenaline  
Adrenaline  
Adrenaline  
Adrenaline, drenaline, drenaline, drenaline  
Can I get it to go? Can I get it to go? Can I get, can I get it to go?  
Can I get, can I get it to go?  
Can I get, can I get it to go?  
Can I get, can I get it to go?  
Can I get, can I get it to go?  
Can I get, can I get it to go?  
Can I get, can I get it to go?  
Can I get, can I get it to go?
