

# Behemoth

## Electric Wizard

His blackened wings shadow the earth  
This age of fire is his rebirth  
Awakened now in these troubled times  
He's come to judge us for our crimes Behemoth  
Behemoth Day of judgment, it has arrived  
All you sinners, you're gonna die  
The Lord has shown you the way to live  
Stop your hate, you've got to give Behemoth  
Behemoth Were you a slave and told what to do?  
If that's so he's come for you  
Did you follow? Religion is a lie  
They're not afraid, you're gonna die  
You're gonna die So change now before it's too late  
Or life in servitude will be your fate  
Be free, do as you will  
Love and happiness, you take your fill Behemoth  
Behemoth
