## Rival Schools

Must have been a mistake  
While you make things hard for me  
I wouldn't hurt you at all if I didn't have to  
Give in it's our first fight  
But now that I see this side  
I want you more than I did before this night I know you, hope I do now  
The communications down  
I know you, hope I do now  
Close to close to closer Temptations, they crumble by your side  
Say you wouldn't hurt me at all  
Can't be sure that you mean it  
If it's worth holding on to  
We can't stay in between it I know you, hope I do now  
The communications down  
I know you, hope I do now  
Come closer Comfort to us all  
Insured against a fall  
From normal life  
Afraid to be at it alone  
To shoulder, I wonder is it safe for now This can't go either way  
It could work out between us, or never again  
Make it clean, how realistic we mean to  
I know you  
I know you now, I know you
