# Back To The Future

## Bad Boys Blue

It's a sad emotion. Think about the days gone by.
My head is turning as I surrender.
My heart is burning when i remember you.
A touch in the dark. A kiss in the night.
How I wanna be by your side. Let's go!

Back to the future. Back for good.
I just want you to be my baby.
Back to the future. Back for love.
I can't get enough.
I don't know if it's right. I don't know if it's wrong.
But I know you are only one.
Back to the future. Back for love.
I can't get enough.

Such a great devotion. Never ever felt so right.
I was lonely, but now I found that you're the only lover in found in my life.
A touch in the dark. A kiss in the night.

How I wanna be by your side. Let's go!

Back to the future. Back for good.
I just want you to be my baby.
Back to the future. Back for love.
I can't get enough.
I don't know if it's right. I don't know if it's wrong.
But I know you are only one.
Back to the future. Back for love.
I can't get enough.

Back to the future.

Back to the future.

Back to the future. Back for good.
I just want you to be my baby.
Back to the future. Back for love.
I can't get enough.
I don't know if it's right. I don't know if it's wrong.

But I know you are only one.
Back to the future. Back for love.
I can't get enough.
