Don't Be a Stranger

Fairground Attraction

You've been avoiding catching my eyes for so long
Let's stop pretending, there's nothing wrong
We haven't been talking, only mouthing the words
We have to do something before it gets any worseSo be my friend or my enemy
But whatever you have to be
But don't be a stranger, don't be a stranger
Don't be a stranger to meI wish you would tell me what I'm doing wrong
We could talk it over and try to get along
So I try to imagine, my imagination runs wild
Maybe you're only leading to telling me goodbyeSo be my friend or my enemy
But whatever you have to be
But don't be a stranger, don't be a stranger
Don't be a stranger to meSo be my friend or my enemy
But whatever you have to be
But don't be a stranger, don't be a stranger
Don't be a strangerDon't be a stranger to me
Don't be a stranger
Don't be a stranger
Don't be a stranger to me
