

In the Back of My Mind

That Dog

In the back of my mind
 (I saw the door)
In the back of my mind
 (I went for more)
In the back of my mind
 (Less than I see)
In the back of my mind
(Not enough for me) In the back of my mind
 (I saw the door)
In the back of my mind
 (I went for more)
In the back of my mind
(But you shut it on me)
In the back of my mind
(Now what do I see?)
