Your Universe

Rico Blanco

Tell me something
When the rain falls on my face
How do you quickly replace it with
A golden summer smile?Tell me something
When I'm feelin' tired and afraid
How do you know just what to say
To make everything alright?Chorus:
I don't think that you even realize
The joy you make me feel when I'm inside
Your universe
You hold me like I'm the one who's precious
I hate to break it to you but it's just
The other way around
You can thank your stars all you want but
I'll always be the lucky oneTell me something
When I'm 'bout to lose control
How do you patiently hold my hand
And gently calm me down?Tell me something
When you sing and when you laugh
Why do I always photograph my heart
Flyin way above the clouds?Chorus:
I don't think that you even realize
The joy you make me feel when I'm inside
Your universe
You hold me like I'm the one who's precious
I hate to break it to you but it's just
The other way around
You can thank your stars all you want but
I'll always be the lucky oneChorus:
I don't think that you even realize
The joy you make me feel when I'm inside
Your universe
You hold me like I'm the one who's precious
I hate to break it to you but it's just
The other way around
You can thank your stars all you want but
I'll always be the lucky oneYou can thank your stars all you want
But I'll always be the lucky one
I'll always be the lucky one

I'll always be the lucky one
