

Supreme Solution

Schysma

Just the hour when I said
Perchance in memory of my broken dreamsâ€™,â€•but I should tryâ€•
Inwardly my spirit was betrayed
â€™cause I donâ€™t know if I can resistâ€™,â€•to this mind

Ehhhhhhhhhhhhh
Now I feel like my broken doll
Itâ€™s soon joined to my soul
Iâ€™ll remember to that here, when I rest well on my own

Iâ€™m homesick when really I live
Proud of the unassertive great world
Completely empty from any care

Itâ€™s better die instead

I would say you to shut up now
What youâ€™ve said are only slick words
â€™cause Iâ€™ve fallen to the filthiest
And now I have not a real chance to float
So you can fuck up, or murdered yourself
I donâ€™t want to see a piece of shit like you
I can show you, what I promise
When the situation will be sunken like this

Genocide
Ethnic cleansing
Itâ€™s all fuck need to you

The pesticide of propaganda
Parch all like a cancer throat, in the end
I can shake you like a piece of flash
At least nuke is the solution supreme

Genocide
Ethnic cleasing
Itâ€™s all fuck need to you

Now I feel like my broken head
Itâ€™s soon joined to my soul

Iâ€™ll remember to that hera (Hera, like the goddess?)

But thereâ€™s nothing more to trust
No more possibility for the world
Do you hear me when I say

nukeâ€™em

Just the hour when I said
Perchance in memory of my broken dreamsâ€™,â€•but I should tryâ€™â€™..ehhhhhhhhhhhhhhhhh
Inwardly spirit was betrayed
â€™cause I donâ€™t know if I can resistâ€™â€™.to this mind
