POLYSICS

What is sad? What is it?
What is sad? I don't know
Uh-[S.A.D.] appeals to me
Something I understand
I'm singing sadly as well

What is crying? What is it?
What is crying? I don't know
Uh-[C.R.Y.] appeals to me
Something I understand
I'm singing sadly as well
I want to be sad.....

We have not had a single drop of rain for thirty-days
Somehow I'm not feeling well day by day, day by day everyday

Uh-[S.A.D.] appeals to me
Something I understand
I'm singing sadly as well
I want to be sad.....

We have not had a single drop of rain for thirty-days
Somehow I'm not feeling well day by day, day by day everyday

We have not had a single drop of rain for thirty-days
Somehow I'm not feeling well day by day, day by day everyday

How do you feel? I'm O.K.!
