

Bloodshed

The eyes of a traitor

Fire, the burning path
Downstroy the weak minds
The weak minds rising nature's demise
Enslave system creation
Chorus:
Everywhere is bloodshed
Wasteland bloodshed
Everywhere is bloodshed
Wasteland bloodshed
Bloodshed wasteland
Bloodshed wasteland
Bloodshed
Life, ravage skullduggery
Rage, dethrone the enemy
Die treacherous leprosy
Scorn the self inflict
Chorus:
Everywhere is bloodshed
Wasteland bloodshed
Everywhere is bloodshed
Wasteland bloodshed
Bloodshed wasteland
Bloodshed wasteland
Bloodshed
This is my redemption
Strangling superstitions
This is my conception
Condemned for eternity
Blood of the lamb touching the empty void
Slowly eats my soul
Drag down the black hole
Join the cult of dark hope
Swarm of deadly locusts
Beware of the prophecy
Rulers of reality
