

Starting to Hurt

[Ryan Adams](#)

It's a long way down
But I feel alright
It's a long way down
But I feel alright And the cops get in
And the crowd gets tight
Take your tomorrow, pain and your sorrow
Teach it how to fly It's starting to hurt
Starting to hurt
Starting to hurt
Starting to hurt It's a long way down
But I feel alright
It's a long way down
But I feel alright And I hope you're here
When I hit the ground
'Cause I'm high on forever and always together
And I'm coming down And it's starting to hurt
Starting to hurt
Starting to hurt
Starting to hurt It's starting to hurt
Starting to hurt
Starting to hurt
Starting to hurt
