Ejection

Nik Turner

There's only one course of action
Left for me to take
I've tried every switch selection
That might control this state
I think for my protectionI'd better make it straight into ejection
Better tell base, ejection
That I think it's a case for ejection
Protect my face, ejectionThe screen's projection
Tells me I'm too late
To make a course correction
I'm about to meet my fate
No time for reflectionI'd better make it straight into ejection
Bust through the sky, ejection
The air rushing by ejection
It's a case of goodbye, ejection
I'm too fast to die, ejectionWhen a ship meets with destruction
The captain stays to drown
But no tin contraption
Is going to drag me down
My reference intersectionTells me that I'm bound for ejection
Eight times my weight, ejection
Abandon this crate, ejection
Only one move to make, ejection
I've got to escape, ejection
