Know Us By Our Love

Moriah Peters

She had nothing but a heart of gold
And a trailer home
She opened the screen door and fed the poor
This is all she knows

We are the sisters that reach for the hurting
We are the brothers that fight for the weak
These are the hands that lead the world to Jesus
Oh, they'll know us by our love

How can someone give and get none back?
I wanna live like that
So let's bring a little heaven down to earth
'Cause we're never gonna know what love is worth
Till we learn, c'mon church

We are the sisters that reach for the hurting
We are the brothers that fight for the weak
These are the hands that lead the world to Jesus
Oh, they'll know us by our love

Not the way we raise our hands, no
Love is abandoning our own plans, oh
So let it go

We are the sisters that reach for the hurting
We are the brothers that fight for the weak
These are the hands that lead the world to Jesus
They'll know us by our love, know us by our love
