## **Chaining Day**

## J. Cole

Look at me, pathetic nigga, this chain that I bought You mix greed, pain and fame, this is heinous result Let these words be the colors I'm just paintin my heart I'm knee-deep in the game and it ain't what I thought Copped the range rover my girl got the mercedes Iced out crazy I wanna shine like baby Compared to that nigga I ain't even got a bib yet Truth be told I ain't even bought a crib yet This is everything they told a nigga not to do Image is everything I see, it got a lot to do With the way that people perceive, and what they believe Money short so this jewelry is like a weave Meant to deceive and hear niggas say I see you Now bitches wanna fuck you and niggas wanna be you And police wanna stop you, frisk you wonder what he do If a hater snatch yo chain, I bet it still won't free you Cause I'll be right back grinding 'til I cop another I sit and think about all this shit I could copped my mother My partner said that's just the game my nigga Swear I heard my jeweler say, "Here go your chain my nigga"

This is chaining day
I need you to love me, love me
Chaining day, my chaining day
I need you to love me, love me
My chaining day
My last piece, I swear, my guilt heavy as this piece I wear
They even iced out Jesus' hair
My last piece, I swear, they even iced out Jesus' hair

Ice on this white Jesus seem a little unholy
The real strange thing about this iced out Rolly
It's the same shit a broke black nigga get gassed at
The same shit a rich white mo'fucka laugh at
Well laugh on white man, I ain't paid as you
But I bet your rims ain't the same age as you
And I ain't got no investment portfolio
But my black and white diamonds shinin' like a Oreo
I know back home where niggas sit today

He rock a chain and he always got some shit to say
Even back when I was broke I knew his shit was fake
He'd prolly sneeze too hard and his shit could break
But hey, you know the sayin', "Fake it 'til you make it"
Me, I did the opposite, made it then I faked it
And actin' like I gave a fuck, money I was savin' up
To buy a crib that's gated to that hundred racks
I gave it up, for what

I need you to love me, love me
Chaining day, my chaining day
I need you to love me, love me
My chaining day
My last piece, I swear, my guilt heavy as this piece I wear
They even iced out Jesus' hair
My last piece, I swear
