

# Gone Flying

[Phil Manzanera](#)

MacCormack-Manzanera  
If the days seem dark and sour  
Distance surrounds you  
Keep your head above the clouds  
Try to push up through  
And the days are fun  
Leave the world behind  
Head towards the sun  
We'll give you peace of mind  
Now you're sure you're on the up  
Take a hit on love  
We'll find a girl  
There ain't no doubt  
Fit you like a glove  
And the days are fun  
Leave the world behind  
Head towards the sun  
We'll give you peace of mind  
Take away your cares today  
Take away your strife  
Take away your thoughts of pain  
Take away your life  
Leave the world behind  
It's the only way  
Give you peace of mind  
You do what we say  
Leave the world behind  
There wasn't so much fun  
Take away your mind  
You'll burn up in the sun
