

# I Saw a Man

## X-RAY SUN

Well, I found your disease  
Yeah, I found your disease  
Yeah, I found your disease  
In my heart  
I saw you creep like a fox  
I saw you creep like a fox  
I saw you creep and wince and cry and scream

And I saw a man  
I saw a man  
I saw a man  
I saw a broken man

I feel your tongue on my cheek  
I feel your tongue on my cheek  
I feel you lick the salt off my back  
Letâ€™s see you prowl with my legs  
Letâ€™s see you prowl with my legs  
Letâ€™s see you prowl and smile and cry and scream

I saw a man  
I saw a man  
I saw a man  
I saw a broken man  
I saw a man  
I saw a man  
I saw a man  
I saw a broken man

I saw a man  
I saw a man  
I saw a man  
I saw a man
