Bitter Pill

Michelle Shocked

Bitter pill to swallow
Slidin' down my throat
Bitter pill to swallow
How it makes me choke
How the hell am I gonna find
Happiness and peace of mind
When I'm losin' all the time?
Yeah, bitter
Don't you ever call me
I don't wanna see your face
Don't you dare to call me
Don't darken up this place
What the hell do you expect from me?
Emptiness and misery
Took it all away you see yeah, bitter
Oh, it means nothin' to me
Oh, you mean nothin' to me
Oh, it means nothin' to me
I paid the price, sacrificed, sacrificed bitter
Bitter pill to swallow how can I abide
The taste of rage and anger burnin' me inside

How the hell will it ever change
Slowly drivin' me insane
Let me cover up this pain yeah, bitter
Ooh, it means nothin' to me
Ooh, you mean nothin' to me
Ooh, it means nothin' to me
I paid the price, sacrificed, sacrificed, bitter
When I'm feelin' low and there's no place to go
And I'm on my knees fallen back down on the floor
And I've had enough and the situation's tough
And I'm hangin' on by my nails holdin' on hopin' I won't fail
This is what reality is made of can't you see I'm relatively twisted
Laid myself upon you underneath your feet
Laid myself upon you didn't that look sweet?
Finally the truth has come guess I know it all along
Nothing else I could have done yeah
Bitter I'm bitter

So bitter
Bitter
Bitter
