

Call On Me

Bad Company

When the rain is falling and you feel like you are a stranger
And the time is passing you by, is a lonely time and you want to fly
 Call on me, call on me, call on me, call on me
I'll be by your sideWhen you turn around, needing somebody there
 Who can give you love and show you good care
If there's a place inside you that's empty and coldYou may need my love, to have, to hold
 Call on me, call on me, call on me, call on me
I'll be by your side to keep you satisfiedI want to keep you satisfied
 Call on me, call on me call on me, call on me
I'll be by your side to keep you satisfiedWhen the clear light of a winter's day
 Blows cold and hard and the future is gray
You can always have the fire of loveTo keep you warm as the sun above
 Call on me, call on me, call on me, call on me
I'll be by your side to keep you satisfied
I'll be by your side to keep you satisfiedDon't worry about the rain, baby
 I'll keep you dry I'll keep you warm inside
 And satisfiedDon't worry about the rain
 I'll keep you dry, I'll keep you dry
 Call on me, baby, call on me, baby
