With all my motherfuckin' jewelry on
And new Aston Martin plus a Rolls Royce
And a new Ferrari, that's a new Bugatti nigga[Hook][Verse 3: T.I.]

If a nigga buy a brick and it dont cook right
I whip that shit for a rack sit tight
I got a bag full of twos and some yay to move
Ya'll wanted money leave the fam to you
I graduated out of gladiator school
So all I know is go like I'm trained to do
Right now, turn my Mazy pedal to the metal I'm mashin now
I let the top down in my Phantom drop
Blowin' I'm high as a astronaut
When you see me I'm cashin' out
Walked into Mercedes bought half the lot
You get carrynoid, you get carried out
Cause I don't take ass whoopins I just pass em out
Did work and blast about
For real, is it worth gettin' blasted bout?[Verse 4: Wiz Khalifa]
Money conversation get so high I be scrapin'
Got my eyes like an Asian
In my ride like I'm racing
In the sky like a plane, its gang or die
Aint no lames up in my circle, aint no hoe shit in my eyes
Throwin' money in the air
Poppin' bands and let it fly
Where I'm from you come up short,
Pull that thing and let it fly
You know me blow so much dank
Think I'm Marley, got so much ink on my body
Brought so much drink to the party
I fell asleep and woke up in a new Bugatti[Hook]

I woke up in a new Bugatti (remix)
I woke up in a new Bugatti (remix)[Verse 5: Birdman]
