Damn Thing

Bow Wow

Yo, you ever be out and see somebody
That you want right then and there?
You know when they feel like talkin'
You just wanna walk right up to 'em and be like
Hey shorty, what I gotta do? Say what?
To get one night with you, one night
I ain't tryna play no game, is that right?
I'm just tryna do to the damn thang
Hey boy, first lemme say, what up?
If I ever let you play
You never would leave, you'd wanna stay, why?
'Coz I'm known for doin' my damn thing
Pump no gas liquid in this young fly mister
I could turn a Honda to 745 whip
Shorty, if I ride wit you, that would be a nice picture
If somebody say cheese, they talkin' 'bout me like hey
No holla back, though I got a lotta that
I could have you in some True Religious, Louis this, Gucci that
Shake what she gave you, your momma would be proud of that
Once I get you back some, you ain't gon' know how to act
You on fire, oh I think I, oh I think I like ya
Boy, I think I, boy, I think I might just
Let you hold the Lambo, let you ride the Coupe
Spin rubberband banks, girl, tell me, tell me
Hey shorty, what I gotta do? Say what?
To get one night with you, one night
I ain't tryna play no game, is that right?
I'm just tryna do to the damn thang
Hey boy, first lemme say, what up?
If I ever let you play
You never would leave, you'd wanna stay, why?
'Coz I'm known for doin' my damn thing
I see you runnin' 'round with these regular cats
I was just thinkin' to myself you could do better than that
I'm so ahead of the pack, be normal [Incomprehensible]
That's how you say what you spread in the back
Like hey shorty, what I gotta say?
Where I gotta take you, what I gotta pay?
Even it's for a night or if it's only for a day

I promise Bow won't bite, Bow will behave
Even though you on fire, oh I think I, oh I think I like ya
Boy, I think I, boy, I think I might just
Let you hold the Lambo, let you ride the Coupe
Spin rubberband banks, girl, tell me, tell me
Hey shorty, what I gotta do? Say what?
To get one night with you, one night
I ain't tryna play no game, is that right?
I'm just tryna do to the damn thang
Hey boy, first lemme say, what up?
If I ever let you play
You never would leave, you'd wanna stay, why?
'Coz I'm known for doin' my damn thing
