In The Hospital

Friendly Fires

Doo do do do do
Doo do do do doo do doo do dooo do do
Doo do do do do
Doo do do do doo do doo do dooo do do
Lying alone in the hospital
I can't do anything right
When I'm with someone like you
Oh, deep in my heart, yes, I know
Our love's run out
Oh, deep in my heart, yes, I know
I caused this row
Nothing is left, only a memory
A glitch in my heart
Until you come back to me
Nothing is left, only a memory
A glitch in my heart
'Til you come back to me
Doo do do do do
Doo do do do doo do doo do dooo do do
Doo do do do do
Doo do do do doo do doo do dooo do do
Lying alone in the hospital
Don't wanna check myself out

If I'm going home to you
Oh, deep in my heart, yes, I know
Your love will soon wear out
Oh, deep in my heart, yes, I know
I think you'll work something out
Nothing is left, only a memory
A glitch in my heart
'Til you come back to me
Nothing is left, only a memory
A glitch in my heart
'Til you come back to me
Nothing is left, only a memory
A glitch in my heart
'Til you come back to me
Nothing is left, only a memory

A glitch in my heart
'Til you come back to me
Doo do do do do
Doo do do do doo do doo do dooo do do
Doo do do do do
Doo do do do doo do doo do dooo do do
