

Feeding Frenzy

Desolator

Got blood, and guts got a real survivor...
killers and crooks - evening's looking brighter
dishin' off the inside of somebody else's life
And we can tune in later for the big disaster
 yeah, it's what we're after
everybody's watching, everybody's listening
the whole world's tunin' and we wouldn't wanna miss it
 praise the recreator for the modern gladiator
everybody's tuning in so let the feeding frenzy begin
 Got superstars who will make you fall in love with
 stand on the secrets we can tear them down with
 who cares if it's lies if it's just somebody else's life.

And if you stay tuned maybe we can see that wacko in a body bag (HOO)
 everybody's watching, everybody's listening

the whole world's tunin' and we wouldn't wanna miss it
 praise the recreator for the modern gladiator
everybody's tuning in so let the feeding frenzy begin
And when you're bored and empty they got hell of plenty
 God! Entertainment!
 Give us something crazy cuz.
everybody's watching, everybody's listening
the whole world's tunin' and we wouldn't wanna miss it
 praise the recreator for the modern gladiator
everybody's tuning and the freakier the better
 everybody's watching, everybody's listening
the whole world's tunin' and we wouldn't wanna miss it
 praise the recreator for the modern gladiator
everybody's tuning in so let the feeding frenzy begin
