

Goat

Noah North

[Intro]

(you are now listening to Noah North)

Goat... (woo!)

Goat... (I am-I am)

I am the Goat. (woo!)

I am the Goat

Whoop Whoop, I am the goat

[Verse 1]

Washin' dishes, made some bread

Then went and bought a pot to piss in

Ate some bread

I got to live

I threw some bread

I contradicted contradiction, monster vision

Saw this life and I pondered it

And I was only 16 when I wandered in it

I was livin' off dreams now I'm sponsored livin'

I would love to talk

I got a concert

This shit is dope (thi-this shit is dope)

Say I fucking sound like Drake

Cause I'm great

Why-why must you hate

Why-why are you fake

Die-die in a lake

I-I am the Goat

Time of all great

Great of all time I just ate 'em alive you can shut up and drive

That's why your girls hit me up all the time

Never hit 'em back though

But him 'em from the back though

We can take this to the back yo

See I'm just spittin' facts, bro

MAC go clap-clap-clap, bro

I-I just want the city on the map

With my back

I was broke

Now I stack

I was busy spittin' crack
Livin' fab
Read a texts
Now I made it all back, bro
That's why I'm the Goat

[Chorus]
(woo!)
Goat...
Goat... (huh!)
The Goat...
(whoop whoop whoop!)
I am a Goat!
The Goat
Bitch, I am a Goat!
The Goat
(whoop whoop!)
I am a Goat!

[Verse 2]
I was on a boat in Venice
Overzealous, actin' reckless
Mom, I couldn't even pass electives
Now I walk through the hoes and get mad respect
From adolescence lookin' up and askin' questions
Snap 'em up, take a picture, sign a paper, sign a titty
They convince me, lay Da Vinci, rock Jah Vinci, new Medici
Makin' history (make-make-makin' history)
Whi-white gold, Balenciagas, I just been livin' the dream
Pull up on pull up on somethin' they bangin'
I'm killin' the scene
Everyone follow the NorTH they wanna know whatever we bring
I got too much on my mind like I feel like I'm all in my prime
I got models and dimes that I never reply to
All these rappers are dead to me, who you alive to? (who?)
This ain't nothin' to me I been stuntin' since high school
(Know I been doin' this shit from the jump I got all of my niggas with us thats my nigga, my nigga.....)

[Chorus]
I am a Goat! (woo!)
Goat... (I am-I am)
I am the Goat. (woo!)
I am the Goat
(woop woop!)

I am the Goat

Goat...

[Outro]

North doe

I am a asshole

Sorry I'm a asshole!

Goat

I been makin' quapo

Goat

This the new motto

Goat

Why do they talk about me, like I'm a Goat?

You don't know me. I am a Goat

Why are you talking? Goat!
