Let Me Be The One

Angela Bofill

Let me be, let me be
Baby let me be the only one
Let me be, let me be
Baby let me be the only one
Let me be the one
You give your love to, the only one
Let me be the one
You give your love to, the one
I hear your records on the radio
I see you talking on the late, late show
Every girl wants to be your friend
Don?t you know you?re always on my mind?
How I missed you since you hit the big time
You hurt me, I just can?t pretend
We use to be together
Making dreams, we can play
You left that world behind
Now I?m asking you, won't you?
Let me be the one, let me be
You give your love to, won?t you be baby, baby
Let me be the one, let me be
You give your love to, the one that gives you love and oh oh
Let me be, let me be
Baby let me be the only one
I see the sadness in your eyes
Don?t you get lonely for me, sometimes?
Lonely for the love that we had

I?ll be waiting when the day he comes
Need somebody won?t you let me the one?
Come to me and put yourself in my hands
We use to be together
Making dreams we can play
You left that world behind
Now I?m asking you, won't you?
Let me be the one, let me be
You give your love to, won?t you be baby, baby
Let me be the one, let me be
You give your love to, the one that gives you love and oh oh

We use to be together
Making dreams, we can play
You left that world behind
Now I?m asking you, won't you?
Let me be the one let me be
You give your love to, won?t you be baby, baby
Let me be the one, let me be
You give your love to, the one that gives you love and oh oh
Let me be the one, let me be, let me be
Baby let me be the only one
Let me be, let me be, baby let me be
Let me be the one, let me be, let me be
Baby let me be the only one
Let me be, let me be, baby let me be
Let me be the one
