

What I'm Gon' Do To You

Kandi

Heard you in the booty club tryin' to get new love
I wanted to scream and shout but I went home
Just picked up the phone cleared your bank account out
It's gonna be such a shame what I'm gonna do to you
Revenge is a must when my heart you crush
You know I'm goin' burn yo' house to dust
'Cause a girl really gets so serious
When you really make a girl so furious
It's such a shame, what I'm gonna do to you
This is the last time that I'm goin' let you get away
With all these games that you're playing with me
'Cause I kept seeing the signs but I ignored them anyway
I once was a blind but now I see
'Cause when you came home last night you just wasn't smelling right
And that look in your eyes is telling me what is going on
What the hell is that smell, could it be someone else?
What I'm gonna do to you
Heard you in the booty club tryin' to get new love
I wanted to scream and shout but I went home
Just picked up the phone cleared your bank account out
It's gonna be such a shame what I'm gonna do to you
Revenge is a must when my heart you crush
You know I'm goin' burn yo' house to dust
'Cause a girl really gets so serious
When you really make a girl so furious
It's such a shame, what I'm gonna do to you
I'm getting so tired of you always coming in late
With the scent of some female on your face
It's only so much I can take and you know, homeless
Just might be your fate, if you keep pushing the limit with me
'Cause when you came home last night you just
wasn't smelling right
And that look in your eyes is telling me what is going on
What the hell is that smell, could it be someone else?
What I'm gonna do to you
Heard you in the booty club tryin' to get new love
I wanted to scream and shout but I went home
Just picked up the phone cleared your bank account out
It's gonna be such a shame what I'm gonna do to you
Revenge is a must when my heart you crush
You know I'm goin' burn yo' house to dust
'Cause a girl really gets so serious
When you really make a girl so furious
It's such a shame, what I'm gonna do to you
Okay, I'm gon' break it down in pig Latin like
Imay oinke, epre oye echke ooye boybey
Did you understand that? I thought so, here we go
Imay oinke, epre oye, must say goodbye
Echke ooye boybey, yeah
Heard you in the booty club tryin' to get new love

I wanted to scream and shout but I went home
Just picked up the phone cleared your bank account out
It's gonna be such a shame what I'm gonna do to you
Revenge is a must when my heart you crush
You know I'm goin' burn yo' house to dust
'Cause a girl really gets so serious
When you really make a girl so furious
It's such a shame, what I'm gonna do to you
Heard you in the booty club tryin' to get new love
I wanted to scream and shout but I went home
Just picked up the phone cleared your bank account out
It's gonna be such a shame what I'm gonna do to you
Revenge is a must when my heart you crush
You know I'm goin' burn yo' house to dust
'Cause a girl really gets so serious
When you really make a girl so furious
It's such a shame, what I'm gonna do to you
