Zooglebotz

Beat by Beat Press

It's really quite boring living on Zooglebotz. No hints of exploring when your on Zooglebotz. There's no one unique. There's no need to speak. You do what your told. Your brain turns to mold. And that's why we all left Zooglebotz.

There's no one ambitious living on Zooglebotz. Your days are repetitious when your on Zooglebotz. Chip in your brain, sends beeps to explain. The way that you feel, or what's your next meal. And that's why we all left Zooglebotz.

Every day when I'm out there, I'am so thankful to be doing something with history, something Earthy for me. Every object is precious since it brings us a glimpse. That dreaming survived, humanoid lives are fun.

I hope I'm portraying don't go to Zooglebotz. There's nobody playing when your on Zooglebotz. You'd always feel cross and down on your boss. It's factory work without any perk. And that's why we all left Zooglebotz. Don't go there. It's very boring. Yeah.
