

# She Don't Have to Know

[John Legend](#)

Oh stealing moments just to be with you  
Though its wrong its hard to tell the truth, oh no  
She don't have to know she don't have to know When I meet 'cha, I got my shades on to cover up my eyes  
I'm hoping that nobody sees me passing by  
Through my disguise I still know you recognize But you I know you got a little secret of your own  
Sneaking out with me while your mans at home  
You know your wrong but its so strong still carrying on I go to the other side of town and so I  
Never risk the chance will catch her eye  
Oh no, she don't have to know, she don't have to know Oh girl I know your doing the same thing too  
But I won't tell your man the things we do  
Oh no, he don't have to know, he don't have to know Someone's watching we got to be careful next time or  
we're through  
But damn it's so stressful doing that dirt we do  
So sad but true, and I know one day I'm gonna pay Then he ask me to sneak out of town for just a day or three  
Go to DC and hold hands publicly all through the streets  
Cause they don't know you and they don't know me And oh I'll feel sorry for mistake we've made  
There's no reason that we should tell her today  
She don't have to know, she don't have to know Girl oh, though you give a lot of love to me  
Girl I know I'm not the only one you see  
But he don't have to know, he don't have to know Oh its getting crazy and I don't want to hurt my baby  
And I'll know its supposed to be the last time for you and I  
But let's not end this way just wait another day Oh, I don't want to let you go and I  
So I just can't let her go  
She don't have to know, yeah, yeah  
Oh I told you're doin' the same thing to her  
Oh he told, they don't have to know
