

Baila

MDO

Baby, it's not okay
You're breaking my heart
Since you walked away
I've been losing my mind You have found a way
To make things seem alright
Partying everyday
Like it's Saturday night Mis sueos se apagan sin tu calor
Calienta mis noches
Ven dame amor Baila
Your body takes me higher
I wanna play with fire
My goddess of desire Baila
Tu cuerpo tiene magia
Tu fuego me contagia
Mi diosa apasionada I'm looking for the light
Through the pouring rain
Just give me a sign
'Cause I'm blind in this game Forgive me one more time
I'll take all the blame
Can't you see I'm crying
True love feels no shame Mis sueos se apagan sin tu calor
Calienta mis noches
Ven dame amor Baila
Your body takes me higher
I wanna play with fire
My goddess of desire Baila
Tu cuerpo tiene magia
Tu fuego me contagia
Mi diosa apasionada Baila mi amor baila, baila mi amor baila
Baila mi amor baila, baila mi amor baila
Baila mi amor baila, baila mi amor baila
Baila mi amor baila, baila mi amor baila Baila
Your body takes me higher
I wanna play with fire
My goddess of desire Baila
Tu cuerpo tiene magia
Tu fuego me contagia
Mi diosa apasionada
