I Got You (At The End Of The Century)

[Wilco](#)

Got you and it's all I need
Got you and it's all I need
Got you and it's all I need, got youI got you and I still believe
That you're all I'll ever need
It's you allAll the way back in the seventies
You were my little T.V queen
Your Tarzan and your friend Janine, got youI got you and I still believe
That you're all I'll ever need
It's you allIt's the end of the century
I can't think of anything
Except youIt's the end of the century
And I can't think of anything
But you, all, all I needI got you, I got you, babe
I got you, you
I got you, I got you, I got you
